EXPERIENCE

Java Development Intern   12/2025 - Present
Infosys Springboard Virtual Internship 6.0 ↗

Working on a full-stack Java application involving Spring Boot, REST APIs, and MySQL as part of structured internship training.

Implementing user authentication, backend business logic, and database interactions.

Following industry-standard development practices, including layered architecture and clean code principles.

Strengthening fundamentals in Java backend engineering and problem-solving.

Frontend Developer Intern   11/2023 - 02/2024
Poditivity Connect ↗

Designed and developed responsive, student-focused web interfaces using HTML, CSS, JavaScript, and React.

Collaborated with designers and backend developers to translate requirements into functional UI components.

Improved user engagement by creating clean layouts, reusable components, and intuitive navigation.

Gained experience working in a team-based development environment using Git.

EDUCATION

Computer Science and Engineering   09/2022 - Present
Chaitanya Deemed to be University - Bachelor of Technology

Pursuing a B.Tech in Computer Science and Engineering with a strong academic foundation (CGPA: 8.7), gaining solid understanding of core computer science concepts including programming, databases, and software development fundamentals.

Developed hands-on skills in Java and backend development, learning object-oriented programming, Spring Boot, RESTful APIs, MySQL, and DBMS, while applying concepts through academic and internship-based projects.

Expanded into full-stack development by working with HTML, CSS, JavaScript, and React, strengthening problem-solving abilities, logical thinking, and collaborative development skills through real-world internship exposure.

MPC   05/2020 - 03/2022
Alphores Junior College - Intermediate

Acheived percentage of 77.7 in Telangana Intermediate Public Examination 2022.

10th   06/ - 03/2020
Tejaswi High School - Secondary School Education

Achieved 9.2 GPA in telangana Board of Secondary Education Public Examinations 2020

CERTIFICATES

Frontend Development internship completion ↗   11/2023 - 02/2024
Poditivity Connect

Designed and developed responsive, student-focused web interfaces using HTML, CSS, JavaScript, and React.

Collaborated with designers and backend developers to translate requirements into functional UI components.

Improved user engagement by creating clean layouts, reusable components, and intuitive navigation.

Gained experience working in a team-based development environment using Git.
